to conduct online coaching/needs assessment visit to Republic of Moldova

The TB Europe Coalition (“TBEC”), non-profit foundation registered in the Netherlands, is pleased to announce a call for expression of interest **to conduct online coaching/needs assessment visit to Republic of Moldova** in the framework of the implementation of the current tasks of the Global Fund Multi-Country Program “Advancing People-Centered Quality TB Care – From the New Model of Care Towards Improving DR-TB Early Detection and Treatment Outcomes” (TB-REP 2.0).

About TB Europe Coalition (TBEC)

Established in 2009, TBEC is a regional advocacy network of civil society organizations and individuals from across the World Health Organization (WHO) Europe region, comprising Western and Eastern Europe, Caucasus and Central Asia. The network aims to strengthen the role of civil society within the regional response to TB, and ensure political and financial commitments to end TB. Currently TBEC has more than 200 members from more than 30 countries in the region. In 2017, TBEC was registered as a legal entity in the Netherlands to step up its regional and national advocacy, capacity building and support to country-led TB advocacy initiatives. The TBEC Secretariat is located in Kyiv and responsible for the coordination, communication, administration, programmatic and policy management of the network.

Background information on the project:

The overall goal of the TB-REP 2.0 project is to foster timely TB case detection and improved treatment outcomes in patients with special emphasis on drug-resistant TB, through meaningful involvement of communities and civil society and integrated people-centered TB care delivery systems able to address the needs of key and vulnerable populations. The Project is implemented with the financial support of the Global Fund to Fight AIDS, Tuberculosis and Malaria in the 11 countries of Eastern Europe and Central Asia (EECA). Partners involved in this project’s implementation are: Center for Health Policies and Studies (PAS Center) - Principal Recipient, WHO Regional Office for Europe, TBEC, TB People, Global TB Caucus (GTBC).

Within the program implementation TBEC is responsible for strengthening advocacy and the operational role of civil society. Continuous technical assistance is providing to countries to catalyze advocacy efforts, assess partnerships and advocacy strategies for civil society organizations (CSOs) and regional stakeholders, as well as forge partnerships with the national TB caucuses.

Within the realization of the project the conduction of the need assessment visit to each country is planned as the project activities. Due to the situation with COVID-19 the need assessment visits shifted to the online format.

Objective of the assignment:

The purpose of the needs assessment is to

- ✓ assess the interaction of representatives of civil society and communities affected by tuberculosis, including TB REP 2.0 CSO partner, with national and international partners in the framework of advocacy for the provision of people-centered TB services;
- ✓ assess the operational capacity of the TB REP 2.0 CSO partner to deliver TB services;
- ✓ identify the TB REP 2.0 CSO partner capacity building needs and strengths / weaknesses in the context of achieving the goals and objectives specified in the TB-REP 2.0 project implementation plan.

During online coaching visit, objectives and targets of the TB-REP 2.0 small grant in Republic of Moldova will be considered; strengths and weaknesses in the context of achieving the goals that have been specified in TB-REP

2.0. small grant's implementation plan will be identified. Specific requests for technical assistance will be informed by the project goal of national partner. Online meetings with national stakeholders such as NTP, Ministries, national partners, CSOs, international organization working in countries and parliamentarians are envisaged as a part of the needs assessment plan to assess potential for advocacy and reform.

Scope of work:

Individual Consultant in cooperation with the TBEC secretariat will be expected to:

1. Develop a needs assessment/coaching visit plan with a list of online meetings and agenda with issues to address during each meeting;
2. Present to the local CSO an online needs assessment/coaching visit plan and suggested list of online meetings with agenda, and adjust it in according to their feedback and recommendations;
3. Conduct online needs assessment/coaching visits to the Republic of Moldova and facilitate all meetings within it. The number of meetings will depend on needs of the civil society partner in the country, but not less than 5 meeting. The online meetings will be organized by TBEC and conducted by a Consultant and two staff members of TBEC (including occasional participation of other relevant experts from TB-REP 2.0 regional partners).
4. Prepare in 2 weeks after the visit draft narrative report on the results of the online needs assessment/coaching visit, with an account of any coaching interventions provided and according to the agreed report structure provided by TBEC.
5. Finalize needs assessment/coaching visit report after comments received from TBEC secretariat and TB-REP 2.0 regional partners (no more than 3 round of comments). The inputs of the regional partners to be collated by TBEC.

Online needs assessment/coaching visits to the Republic of Moldova will be held in mid-March-mid-May, 2021.

Expected outcomes:

Individual Consultant will be expected to submit the following deliverables, in English or Russian, to the TBEC:

1. Needs assessment/coaching visits plan;
2. Needs assessment/coaching visits final report.

Reporting requirements

The expected outcomes should be delivered in 2 weeks after the visit. It should be submitted in Microsoft Word format, in electronic copies to TBEC Secretariat, specifically to TBEC Program Manager Khrystyna Vilyura, vilyura@tbcoalition.eu.

Duration of the assignment and remuneration provisions:

- The work is expected to start after signature of the specific agreement with individual consultant.
- The duration of agreement is March, 2021 – May, 2021.
- Payment will be made based on the results of the visit, provision of all deliverables to TBEC team and revision of report according to comment received from all TB-REP 2.0 regional partners.
